The sunset pictures in the Beacon have been taken over the last 20 years at Hollywood Beach. Each one reflects a sunset during the month the Beacon is published. This one is from February 2024. You can tell the time of year by where the Sun sets with respect to the Santa Cruz Island and Point Conception. The same tilt of the Earth that gives us our seasons causes the Sun to set over Santa Cruz Island during the winter months and closer to Point Conception during the summer months

Homeowners have posted additional pictures of Hollywood Beach on the HarborWalk website <https://harborwalkhoa.com>. Select Images on the right side and then Homeowner's Picts. If you have pictures to contribute, feel free to add them. You will also find floorplans and maps of HarborWalk there.
